DISCLAIMER

This presentation and the information contained herein does not constitute an offer for sale or solicitation of an offer to buy any securities of the issuer.

This document contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934, each as amended, including, in particular, statements about StoneCo Ltd.'s (the "Company") plans, strategies and prospects and estimates of industry growth or prospects. These statements identify prospective information and may include words such as "believe", "may", "will", "aim", "estimate", "continue", "anticipate", "intend", "expect", "forecast", "plan", "predict", "project", "potential", "aspiration", "objectives", "should", "purpose", "belief", and similar, or variations of, or the negative of such words and expressions, although not all forward-looking statements contain these identifying words. All statements other than statements of historical fact contained in this presentation may be forward-looking statements. The Company has based these forward-looking statements on its estimates and assumptions of its financial results and its current expectations and projections about future events and financial trends that it believes may affect its financial condition, results of operations, business strategy, short-term and long-term business operations and objectives, and financial needs as of the date of this presentation. These forward-looking statements are conditioned upon and also involve a number of known and unknown risks, uncertainties, and other factors that could cause actual results, performance or events to differ materially from those anticipated by these forward-looking statements. Such risks, uncertainties, and other factors may be beyond the Company's control and may pose a risk to the Company's operating and financial condition. In addition, the Company operates in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for the Company's management to predict all risks, nor can the Company assess the impact of all factors on its business or the extent to which any factor, o

Risks that contribute to the uncertain nature of the forward-looking statements include, among others, risks associated with the Company's ability to anticipate market needs and develop and deliver new and enhanced products and services functionalities to address the rapidly evolving market for payments and point-of-sale, financial technology, and marketing services; the Company's ability to differentiate itself from its competition by delivering a superior customer experience and through its network of hyper-local sales and services, the Company's ability to expand its product portfolio and market reach and deal with the substantial and increasingly intense competition in its industry; the Company's ability to obtain debt on obtain debt and equity financings; possible fluctuations in the Company's results of operation and operating metrics; the effect of management changes and business initiatives; and other known and unknown risks, all of which are difficult to predict and many of which are beyond the Company's control. The Company has provided additional information in its reports on file with the Securities and Exchange Commission concerning factors that could cause actual results to differ materially from those contained in this presentation and encourages you to review these factors. The statements contained in this presentation or obligation to update or revise any forward-looking statements, whether as a result of new information, future events and/or otherwise, except to the extent required by law.

To supplement the financial measures presented in this press release and related conference call, presentation, or webcast in accordance with IFRS, Stone also presents the following non-IFRS measures of financial performance: Adjusted Net Income, Adjusted Pre-Tax Income, Adjusted Pre-Tax Margin, EBITDA and EBITDA Margin. A "non-IFRS financial measure" refers to a numerical measure of Stone's historical or future financial performance or financial performance in a curval measure calculated and presented in accordance with IFRS in Stone's financial statements. Stone provides certain non-IFRS measures as additional information relating to its operating results as a complement to results provided in accordance with IFRS. The non-IFRS financial information presented herein should be considered in conjunction with, and not as a substitute for or superior to, the financial information presented in accordance with IFRS. There are significant limitations associated with the use of non-IFRS financial measures. Further, these measures may differ from the non-IFRS information, even where similarly titled, used by other companies and therefore should not be used to compare Stone's performance to that of other companies. Stone has presented Adjusted Net Income to eliminate the effect of items from Net Income that it does not consider indicative of its continuing business performance within the period presented. Stone defines Adjusted Net Income as Net Income (Loss) for the Period, adjusted for (1) amortization of fair value adjustment on acquisitions, (2) mark-to-market of equity investments, and (3) unusual income and expenses.

As certain of these measures are estimates of, or objectives targeting, future financial performance ("Estimates"), they are unable to be reconciled to their most directly comparable financial measures calculated in accordance with IFRS. There can be no assurance that the Estimates or the underlying assumptions will be realized, and that actual results of operations or future events will not be materially different from the Estimates. Under no circumstances should the inclusion of the Estimates be regarded as a representation, undertaking, warranty or prediction by the Company, or any other person with respect to the accuracy thereof or the accuracy of the underlying assumptions, or that the Company will achieve or is likely to achieve any particular results.

Certain market and/or industry data used in this presentation were obtained from internal estimates and studies, where appropriate, as well as from market research and publicly available information. Such information may include data obtained from sources believed to be reliable. However, the Company disclaims the accuracy and completeness of such information, which is not guaranteed. Internal estimates and studies, which the Company believes to be reliable, have not been independently verified. The Company cannot assure recipients of this presentation that such data is accurate or complete.

Costs & Expenses

q/q highlights

- 1 Remained flat despite higher provisions for loan losses and investments in technology. Excluding provisions for loan losses, cost of services would have decreased 50 bps q/q
- Increased 70 bps with higher expenses related to third-party services and personnel expenses, which are usually higher in 4Q
- Remained flat despite higher provisions for variable compensation
- 4 Decreased 430 bps mostly due to a reduction in average CDI from 13.27% to 12.25% in 4Q23 and lower number of working days
- Increased 120 bps mainly with higher contingencies and tax provisions related to SBC due to an increase in the share price
- Decreased effective tax rate mainly with the benefit from "Lei do Bem" (Law 11,196/05) and gains from subsidiaries abroad subject to different statutory tax rates

q/q highlights

Adjusted net cash¹ position increased by R\$1.6bn or +44.8% y/y, with a positive evolution of +R\$196mn or +4.0% q/q. The quarterly evolution is mostly explained by:

- +R\$1,022mn of cash net income²
- +R\$86mn of recoverable taxes and taxes payable
- 。 R\$(25)mn of prepaid expenses
- R\$(285)mn of Capex
- R\$(293)mn from buyback of shares
